## ConX | Wireless Transmitter & Receiver

### Update your collection!

Turn any audio device, speaker, or audio system into a wireless enabled product with the ConX and integrate it with your ART by Tivoli Audio wireless speakers. Using the available line input and output, the ConX will perform as a transmitter or receiver of wireless streaming capabilities. Whether it is a previous Tivoli Audio product or your old Hi-Fi receiver, the ConX allows existing products to be discoverable on the new Tivoli Audio wireless app, enabling a variety of unique configurations.
